The Secretary to the Government of Mysore,

Muzroi Department.

Sir,

Referring to Government Order sanctioning a revised estimate for Rs.1,306/ for certain improvements to be effected to the new Rameswara Temple in Chamarajendra-Pett, Bangalore City, I begt to bring to your kind notice that the work is nearing completion and that the construction of Gopura (Tower) has been taken up on hand and will be completed at a very early date.

As the Committee propose to perform the consecration ceremonies of both Iswara and Sri Rama in connection with the Birthday festivites of His Highness Sri Krishnaraj Wadeyar Bahadur -our beloved Sovereign- on the 13th June 1905, and as in the absence of Government sanction to the Establishment required for the Temple, it is not possible to secure the services of a learned and pious Brahmin to conduct the worship according to Vydeek Augama, who should come forward to undertake the duties from the 13th June 1905, I respectfully beg that you will be pleased to obtain the early sanction of Government for the entertainment of the marginally noted Establishment with effect from the 25th June 1905, the last and the only auspicious day for

for the season, fixed for the consecration ceremonies.

It may not be superfluous if I submit that the deities removed from the old Temple which was acquired for the Extension of the Railway Compound are without worship for the past 25 years and that a better opportunity than the Birthday festivities of His Highness the Maharaja cannot be taken for the re-establishment of worship in the Temple built during the regency of His Highness' illustrious mother, Her Highness Vani Vilas Sannidhana C.I.

The Committee are afraid that if there should be any delay in according sanction to the Establishment applied for, they will not be able to carry out the object in view and that the consecration ceremonies of the deities which are without worship for the past 25 years will have to be further postponed for another year "Ootharayana", which, I am sure, the Government would consider undesirable.

I beg to remain,

Sir,

Your most obedient servant,

President of the Committee
for the management of the
affairs of the Rameswara
Temple.

Correspondence ending with letter No. ~~6/4448~~ 6 dated 31st May 1905, from the President of the Committee for the construction of the New Rameswara temple at Chamarajapet in the Bangalore City, applying for a monthly Tasdik grant of Rs. 28 for the due performance of the daily services in the said temple.

Order thereon No. 4745-49 Muz.F 24-98. dated Camp Mysore, 23rd June 1905

A temple of Sri Rameswara was constructed many years ago in the locality now occupied by the Bangalore City Railway Station, by Bakshi Rama Rao who held high offices in the Military Department of H.H. the Maharaja Krishnaraja Wodiyar Bahadur III, and it was endowed by Government with a land inam in the Bangalore Taluk, The temple building and the land on which it was situated were taken up by Government for the Mysore State Railway in 1882-1883 and a compensation of Rs. 4004-8-4 was awarded on the understanding that a new temple should be built in a suitable locality. ~~The present representative of Bakshi Rama Rao, named also Rama Rao, having failed to take steps for the construction of a new temple, the~~ The amount awarded as compensation was taken charge of by the Government in the Muzrai Department, and deposited in the Government Savings Bank, a spacious site was obtained from Government free of cost in the New Chamarajendrapet Extension of the Bangalore City, a strong ound wall was built and considerable progress made in the truction of the temple, until further work had to be stopped want of funds. The public of Bangalore having recently n much interest in the completion of the temple and come ward with liberal subscriptions, the Government were pleased their Proceedings No. 3016-18/Muz. F. 24-98 dated 18th February 05 to sanction a sum of Rs. 1300/- out of the Muzrai State an' of the current

official year. They are now glad to find that with this grant and the subscriptions above referred to, the Committee of the inhabitants of Bangalore constituted for the erection of the work, with Dr. S. Ranade, Assistant Secretary to Government as their President, have not only brought the work very nearly to completion but have also undertaken to attract the Honorary Towers which would greatly add to the beauty of the structure.

2. It is proposed to consecrate in the new temple not only the Siva Linga and the Symbols of Parvati and Ganesa, which had been worshipped in the old temple, but also the Nirmana of Siva Kesa, Keshawa and Vishnu, so that the people may become eligible for use by the public in connection with marriages and other similar festivities. Further, for the sake of convenience of worship, it is proposed to consecrate in ~~this~~ the idol in the Vydehagrama form, ~~and not according to Vaikanasa Agama as has been~~ the case hitherto. It is also reported that the consecration ceremony is fixed for the 26th June 1907. The Government are pleased to approve of these proposals.

3 Application has also been made by the Committee for a sanction grant of Rs. 50 from the Government for permanently maintaining an establishment for conducting the religious services and for managing the buildings and other charges in the temple. Considering that the main attraction of Europeans and people has been on account of the Government temple in a secondary institution in a large city, and also having in view the circumstance that the income from the land attached to the temple is not sufficient to keep up the daily services, the Government of His Highness the Maharaja are pleased to sanction from State funds the grant referred to, a yearly recurring grant of Rs. 37 per annum, for maintaining the temple, as stated in the report.

5. As the Inam land endowed to the old Devasthanam temple has been in the possession and enjoyment of the former Archak, the Revenue Board consider it unnecessary to deprive him of it, although, as a worshipper according to the testimony, for, his services as Archak in the new temple will not be required. He may be employed on some subordinate service in the new temple in consideration of his enjoying the Devadayam Inam land, which should also be now be registered in the name of the new temple. The Deputy Commissioner of the Trichinopoly District is requested to furnish to Government in the Revenue Department, particulars of the Inam land in question, as stated by the Inam Superintendent, for ascertaining the suggested [illegible] in the Register.

2. It is proposed to consecrate in the new temple not only the Siva Linga and the Vigrahas of Parvati and Ganesa, which had been worshipped in the old temple, but also the Vigrahas of Sri Rama, Lakshmana and Sita, so that the temple may become eligible for use by the public in connection with marriages and other similar festivities. Further, for the sake of convenience of worship, it is proposed to consecrate the idols in the Vydikagama form. It is also reported that the consecration ceremony is fixed for the 25th June 1905. Muzrai Secretary's remarks:-

I have been latterly seeing this temple often. The work is progressing very fast under the direct supervision of Mr H.Ramaiya. The consecration ceremony has been fixed by the Committee for the 25th Instant and if that date be omitted, the matter will have to be put off for 6 months, owing to the advent of the Dakshinayana. The Committee are briskly collecting subscriptions which, it is hoped, will be sufficient for conducting the Pratishta ceremonies and the connected Samaradhanes &c.

The question now requiring the immediate favourable consideration of the Government is, that of providing for the cost of Establishment required for the conduct of worship and other services in the temple.

The Committee recommend the entertainment of an Establishment as noted in the margin at a cost of ₹28 per mensem, while on a former occasion they estimated the cost at ₹20. The increase consists in the addition of the last two items in the list viz, Mantrapshpa and Bhajantri. The Committee pray that the cost of the Establishment may be kindly provided for by Govt as a source of permanent income to the temple.

My humble opinion to the effect that the temple deserves the special and favorable consideration of the Government

...er the peculiar circumstances connected with it, is given at some length in pages 35-39 of this Note. It is evident that the cost of conducting worship &c. permanently should not be made to depend upon the uncertain collections from private subscribers, and I would respectfully recommend that the amount required for the regular conduct of the worship &c. at the Tirupati temple, if such amount as is considered suitable to be kindly sanctioned as a special grant from State Funds, it will be entered as a Government recurring grant and included in the Inam Register and a title deed issued in favor of the temple and thus the permanency of the grant will be secured to the temple.

The Dewan has been pleased in one or two instances to enquire whether any lapsed grants of temples which have gone out of use are available. I issued a Circular some time back to the Deputy Collectors and the Inam Superintendent for information on the subject and have received a list of such grants from the Deputy Commissioner of the Mysore District. That list consists of the names of 21 Institutions whose Jagadika of small amounts aggregate Rs 469-7-5 per annum. The individual items are small, ranging from Rs 4-5-0 to Rs 94/-, and none of the Institutions has the large amount required in the present case. Further, if any of these Institutions

Sep AA

are hereafter repaired by the devotees and puja revived, the lapsed grants assigned thereto will have to be restored, as has been done in some cases. It seems undesirable therefore, to actually appropriate any of these lapses for providing an income to the new temple, but it is my humble opinion that Government may, taking into consideration the savings effected by means of these lapses, be pleased to sanction a new grant, from State Funds as suggested in the preceding paragraph.

The old Rameswara temple is endowed with a small piece of inam land in the Bangalore Taluk, yielding it is said an annual income of about ₹ 24/-. Particulars of the land have been called for from the Deputy Commissioner. This land is now in the enjoyment of the Archak who had been doing the puja work in the old temple. The income from it will be quite insufficient to meet the Archak's remuneration in these days in a place like Bangalore, and further, it is proposed to appoint a separate Archak now as the idols are now to be consecrated according to Vydika Agama and not Saivagama as before. Hence it is that a separate pay of ₹ 6 per mensem is provided for an Archak on the Establishment.

How to deal with the small piece of land now in the enjoyment of the old Archak will have to be separately considered

Submitted to His Highness.

This temple has come into existence in substitution of one which was demolished on the Bangalore City Railway premises and for which a compensation was paid and accepted - After various delays and fruitless endeavours to build another temple the one under notice was thought of as a suitable and quiet with enough ground extension - I found the work was conceived very partially executed - During the last two or three years however much interest was taken by the residents of the locality and the result has been the erection of a decent temple. Some aid was given out of the State grant and it is now proposed to consecrate the deities of Iswara & Ramadevam on a good day within the next few weeks

Application has now been made for a monthly grant of 2 Rs for the due performance of the daily services in the old Hanuman land attached to the old temple is now in the possession of the Theri architk who will be employed on some more useful service in the new Temple as in the opinion of the majority he is not fit to be the archk. The income from the land is not sufficient to keep up the daily services. These have been upheld on an economical basis - 6 Rs are set apart for archk's 8 Rs for Padiyara, Diparadhane and Camphor for Mangalarti. This expenditure seems to be essential. The applicants also want a waltheman or nic, musicians (valaya) and Mantrapushpa or 4 - But these seem to be superfluous and may be dispensed with. As the whole attention has been of recent creation and a decent temple is a necessary in a Hindu city I beg that H.H. may graciously be pleased to sanction the founder Rupees which I think is necessary as also an additional sum of Rs for a waltheman or in all seventeen Rupees a month. The consecrating ceremonials will be undertaken from public subscriptions and I understand a good sum has been promised & collected for this purpose already.
